Fun To Play
for parents and their young children

Kitchen Capers
Sun Catcher

You need:  Aluminum foil pie plate
Pencil or nail
String

To Make: Using the pencil or nail, punch holes in the plate to create an interesting pattern. Punch a hole near the edge and attach string securely.

To Use: Hang in baby’s window. Sunlight shining through the holes will cast an ever-changing pattern throughout the room. Baby will enjoy watching the moving pattern. Stimulates vision and curiosity.

(Newborn to Six Months)
